

# **End of Sale Notice**

Notification Date: 01-September - 2020

Revision Date: 02- September – 2020

Effective Date: 01-November-2020

Subject: End of Sale for ASBCE 7 Theatre/Region: All

## **Revision History**

Revision Date	Reason for change		
27-August-2020	Document Issuance - notice of End Of Sale for ASBCE R7.		
2 September 2020	Correction in the effective dates in the summary table in this document		

## **Summary**

With Avaya Session Border Controller for Enterprise (ASBCE) version 8.1 set as the ASBCE Release 8 EMSSP, ASBCE 8.1 achieving Joint Interoperability Test Command (JITC) certification confirmed by its posting on the DISA Approved Product List (APL) in June-2020 and ASBCE 8.1.1 reaching General Availability ( with key features such as Skype For Business 2016 and TEAMS Direct Routing certification), effective 1<sup>st</sup> of November 2020, Avaya will no longer sell (make commercially available) any ASBCE 7.x software licenses or ASBCE 7.x hardware products.

This end of sales covers new, system expansion and upgrades.

With this End of Sale, only ASBCE Release 8 Software and Hardware codes will remain available as part of the Buy To Current program since R7 codes will no longer be purchasable.

For convenience, all the codes impacted by this EOS announcement are included in this document.

#### System Expansion End of Sale

As of November 1<sup>st,</sup> 2020, any system expansions code, as well as new sales, will cease to be available.

If increased capacity of existing system sought, customers, partners and Avaya sales should refer to the migration strategy section described below.

#### **Migration Strategy**

To the exception of CAD208 and R210 which stopped being supported as of Release 8.0, all other hardware platforms supported with Release 7 are fully supported with Release 8.0.

Customers running ASBCE R7 on CAD208 and desiring to expand should plan their migration to either the CAD230 or CAF251 models depending on the system capacity desired – The CAD230 is a more modern hardware appliance with identical capacity to the CAD208 at equivalent price point. The CAF251 is a more cost effective, lower end model and suitable replacement for CAD208 when configuration with less 100 concurrent sessions are considered.

Customers running ASBCE R7 on R210 and desiring to expand will seek to replace their hardware appliance with either the newly release mid-range appliance R340 or high capacity ACP Profile 3 depending on the actual maximum concurrent session capacity sought – The capacity details of these appliances can be found on the ASBCE Release 8.x offer definition available on the Avaya Sales portal.

For our Release 7 commercial customers, ASBCE 7.2.2.x supports direct upgrade path to the latest Release 8 service pack (ASBCE 8.1.1 at the time of publication of this document).

For our Release 7 Federal & Government customers requiring JITC certification, ASBCE 7.1.0.x supports direct upgrade path to the JITC certified ASBCE release 8.1.

These direct upgrade paths enable our Release 7 customers to easily and seamlessly migrate their software to the latest ASBCE generally available release and gain access to improved performances, scalability and additional features. (Refer to ASBCE 8.1.1 offer definition on the Sales portal for details on all new features included in Release 8)

Customers running on ASBCE R7 a la carte licenses will need to upgrade these to ASBCE R8 licenses as part of migrating to ASBCE R8.

Customers leveraging Aura R7 Core and Power ASBCE R7 suite entitlement will need to upgrade their R7 Suites licenses to R8 in order to access the Suites R8 ASBCE entitlements.

# Schedule

End of Sale Date (last day to order new systems)	01-Nov-2020
End of Manufacturer Support for SOFTWARE *	01-Nov-2021
End of Manufacturer Support for HARDWARE *	01-Nov-2023
Last day to purchase system expansions	01-Nov-2020
Targeted End of Services Support	01-Nov-2027**

\*\*Avaya Services may revise the Target End of Services Support date based on the availability of quality repair parts and/or technical support expertise. Customers should always consult any available product Services Support Notices for final information on product supportability.

## **Service and Warranty**

Avaya will continue to honor previously executed enhanced warranty, post-warranty and service contracts in accordance with the terms of those agreements. Avaya is not responsible for any support or maintenance commitments made by Business Partners or other service providers. Additional information concerning Avaya Services can be found on the <u>Services Offer Information</u> Web site.

Renewals of existing Avaya service contracts covering this product will be allowed until further notice.
